DESCRIPTION

Designed for both professional and domestic environments, the Vision Plus is much more than just a TV stand.

Its sturdy, black-finish structure accommodates TV sets up to 75" and 50 kg, VESA-compatible up to 600 x 400, while offering maximum flexibility: adjustable height, free tilt forwards or backwards, lateral rotation and level adjustments allow optimum positioning of the screen, without annoying reflections.

Ideal for dynamic spaces, it has lockable castors for smooth, safe movement, and a practical shelf for your audiovisual equipment weighing up to 5 kg.

Thanks to its integrated cable management system, everything stays neat and tidy. Vision Plus is the mobile and elegant solution for adapting your screen to any use.
